

INFORMATION SHEET ON THE AUTHORIZATION OF A CLIENT'S AGENT

1. The policies and procedures governing the certification services of Canadian Standards Association ("CSA Group") require that it deal with the Client or the Client's authorized Agent on matters concerning certification activities under a Client's specified CSA Group Master Contract / Project Number.

The term "Client" is defined as the authority that signs the Product Service Agreement with CSA Group.

The term "Agent" applies to a party (a consultant, etc.) appointed by the Client to deal directly with CSA Group, on the Client's behalf, regarding all aspects (except for signing of the Product Service Agreement or the Custom Testing Agreement Form) of certification under CSA Group Master Contract / Project Number issued to the Client by CSA Group.

2. A Client wishing to appoint an Agent to act directly with CSA on behalf of the Client shall provide CSA Group with written authorization. Each authorization shall be on a "Client's Authorization for an Agent" form and shall include the signatures of the Client's and the Agents signing officer(s) and of the designated employees of the Agent company.

3. The completed, signed authorization form shall be returned to CSA Group to the attention of the Client Services Centre.

Each authorization shall be kept on record at CSA Group: copies will be made available to the Client and/or the Agent on request.

4. The Client alone shall be empowered to effect a change to an authorization on record at CSA Group. All such changes shall require the preparation, signature and submittal of a replacement authorization form.

5. A Client may not appoint more than one Agent (per Project Number) at any one time. An Agent company may designate more than one employee to participate in Agent activities.

6. The Client may terminate the authorization for an Agent at any time. Notice of termination to CSA Group shall be in writing on the Client's letterhead. Alternatively, signing of a subsequent Agent authorization by the Client will automatically supersede and obsolete all previous authorizations for the CSA Group Master Contract / Project Number indicated.
